

TRAVELLING EXHIBITION

# Iron Willed: WOMEN IN STEM

**Do women and girls, as well as their parents, educators, and employers, see themselves equitably represented in Science, Technology, Engineering, and Math (STEM) fields?**

Women have made significant contributions to STEM – and continue to do so – but their stories are often untold. Why is that? This travelling display shares some of these stories and provides recognition for the crucial role of women in STEM.

Through text and images, the display tells the stories of historical and contemporary **Women in STEM**, their scientific contributions as well as their challenges in the face of persistent systemic barriers.

## TARGET AUDIENCE

- youth and parents of youth
- women and girls
- adults

## LANGUAGES

- All elements are bilingual (English and French)

## EXHIBITION COMPONENTS

- free-standing structure
- introductory panel
- about 20 content panels (one story per panel)

## SUPPORT MATERIAL

- promotional material
- condition report
- installation guide

## SPACE REQUIREMENTS

- 79–102 m<sup>2</sup> (850–1,100 sq. ft.)
- Multiple configurations possible

## INSTALLATION

- set-up: 6 hours / 3 people
