ELIZABETH GARRETT ANDERSON

The Doctor is in the House

Wellcome Collection

In 1865, Garrett Anderson became the first woman in Britain to qualify as a doctor, later becoming the first female dean of a British medical school, and the first female mayor in Britain. Anderson had to break many barriers through her life.

Ingenium is committed to encouraging and empowering women and girls in science, technology, engineering, and math. Learn more at: ingeniumcanada.org/womeninstem/
