# HEDY LAMARR

## More Than a Movie Star

Zeitgeist Films

More than just a talented actress, Lamarr put her innovative skills to work inventing a frequency-changing technology for radio waves to assist the war effort. Her invention became the basis of Bluetooth and Wi-Fi technologies.

Ingenium is committed to encouraging and empowering women and girls in science, technology, engineering, and math. Learn more at: [ingeniumcanada.org/womeninstem/](https://ingeniumcanada.org/womeninstem/)
