AYAH BDEIR

Building a Stronger Future

Chris Crisman/WIRED UK

Following her passion for building, Bdeir's studies in engineering led her to found littleBits Electronics, an organization that strives to make STEM accessible to more women by producing gender-neutral products for aspiring young scientists.

Ingenium is committed to encouraging and empowering women and girls in science, technology, engineering, and math. Learn more at: ingeniumcanada.org/womeninstem/
