ELIZABETH ARDEN

Beautiful Chemistry

Alan Fisher/New York World Telegram

Arden's talents in business, combined with her curiosity in chemistry, enabled her to build a cosmetics empire, becoming one of the wealthiest women in the world. A dedicated suffragette, she distributed red lipstick to fellow suffragettes as a sign of solidarity.

Ingenium is committed to encouraging and empowering women and girls in science, technology, engineering, and math. Learn more at: ingeniumcanada.org/womeninstem/
