# CAROLINE HERSCHEL

## Shooting for the Stars

Pablo Carlos Budassi

As well as being a gifted singer, Herschel eventually became fascinated with astronomy. She discovered new comets and stars, and in 1787 became the first woman to be paid for her work in astronomy.

Ingenium is committed to encouraging and empowering women and girls in science, technology, engineering, and math. Learn more at: [ingeniumcanada.org/womeninstem/](https://ingeniumcanada.org/womeninstem/)
