FEI-FEI LI

The Heart of Artificial Intelligence

L.A. Cicero/Stanford University

Li's work in artificial intelligence (AI) includes her role as lead scientist in the ImageNet project, a database of millions of images that help computers identify objects. She also co-founded AI4ALL, which seeks to create a diverse and inclusive workforce in AI.

Ingenium is committed to encouraging and empowering women and girls in science, technology, engineering, and math. Learn more at: ingeniumcanada.org/womeninstem/
