ELIZABETH RASEKOALA

Engineering Transformation

NAT Award

A chemical engineer by training, Rasekoala's research on inclusivity in STEM education and communication seeks to address the barriers and inequalities in STEM fields. Whether in engineering or advocacy, what you put in to the process determines what you get out of it.

Ingenium is committed to encouraging and empowering women and girls in science, technology, engineering, and math. Learn more at: ingeniumcanada.org/womeninstem/
