

DIVERSITY  
IN  
STEM

# VANESSA RAPONI

## Toying With Science

See It Be It STEM 2023 Calendar

An engineer who brings toys to life, and oversees their manufacturing internationally, Raponi founded EngiQueers Canada, a national non-profit organisation that advocates for intersectional queer inclusion in the field of engineering.

*Vanessa Raponi uses the pronouns she/her.*

Ingenium is committed to empowering equity-deserving groups by encouraging diversity in science, technology, engineering and math. Learn more at: [ingeniumcanada.org/womeninstem/](https://ingeniumcanada.org/womeninstem/)
