# JULIE HLAVACEK-LARRONDO

## High-Energy Research

Hlavacek-Larrondo studies massive black holes to determine the roles they play in the evolution of galaxies. She proved that the largest black holes in the Universe were growing faster than their galaxies.

Ingenium is committed to encouraging and empowering women and girls in science, technology, engineering, and math. Learn more at: [ingeniumcanada.org/womeninstem/](https://ingeniumcanada.org/womeninstem/)
