# LAURIE ROUSSEAU-NEPTON

## Star Cycles

The first Indigenous woman in Canada to earn a PhD in astrophysics, Rousseau-Nepton credits her Innu upbringing for sparking her scientific curiosity and keen observation skills. Her research focuses on the life cycles of stars.

Ingenium is committed to encouraging and empowering women and girls in science, technology, engineering, and math. Learn more at: [ingeniumcanada.org/womeninstem/](https://ingeniumcanada.org/womeninstem/)
