KERRY SINK

Marine Protection for Sustainability

© Sean Porter

Sink, a South African marine biologist, is helping her government create Marine Protected Areas (MPA). She ensures the MPAs protect biodiversity by conserving unique habitats and ecosystems while sustainably supporting a developing ocean economy.

This poster was developed as a part of a subseries in the context of the All-Atlantic Ocean Research and Innovation Alliance (AAORIA). Ingenium, Fisheries and Oceans Canada and Canadian Commission for UNESCO are committed to encouraging and empowering women and girls in science, technology, engineering, and math.
