CORRINE ALMEIDA

Conserving Corals

© Abel Monteiro

Cape Verdean biological oceanographer Almeida studies the ecology and conservation of coral communities in West Africa. She focuses on the interaction among environmental factors and ecosystems in Marine Protected Areas.

This poster was developed as a part of a subseries in the context of the All-Atlantic Ocean Research and Innovation Alliance (AAORIA). Ingenium, Fisheries and Oceans Canada and Canadian Commission for UNESCO are committed to encouraging and empowering women and girls in science, technology, engineering, and math.
